Thank you very much. I just logged online to check my e-mail and complete those tests. How serendipitous? Well thank you for sparing me that incredibly long test about fragment sentences. :) I hope you have a wonderful Christmas break and a truly amazing next semester. I really enjoyed your class, and I will be sure to stop by and visit! I think you are an incredible teacher, and it is obvious that you care about your students. I hope many great things for you.

I'll miss your class and Thank you again,  
Kris Riley
