Subject: Dr. Sandell

Hello Dr. Traynor and Dean Miller,

I know that a lot of the time you don't get to hear the positive things about your faculty members. I am happy to say that this email is different.

I am a transfer student from St Cloud State University and this is my second year at MSU. I was assigned to Dr. Sandell as my adviser. She has helped me to get on the right track to graduation and success in the field of Early Childhood Education. After being under her guidance, I have been able to improve my grades, my grade point average and make it on the dean's list each semester I have been here. Last semester I earned my first 4.0! She has helped to motivate me and keep me focused and has always been there when I need help. She is a great person to have on the faculty and I am very grateful that she has been so willing to help me.

Sincerely,

Casandra Schmit
